MOVINDU WEERABAHU

Full Stack Developer | Mobile App Developer

+94743090367 | movinduweerabahu314@gmail.com | 7/7, Jayasamarugama, Kandana

PROFILE

I'm Movindu, a 20 year old Sri Lankan undergraduate currently in my second year at APIIT University, pursuing a BSc (Hons) in Software Engineering. I am passionate about building innovative and user-focused digital solutions, specializing in full-stack development and mobile application development. I enjoy working with modern technologies, solving real world problems, and continuously improving my skills through hands on projects and teamwork. With a strong commitment to learning and a growing technical skill set, I aim to contribute effectively to dynamic development teams and create impactful software experiences.

EDUCATION

De Mazenod College Kandana	**O/L (Ordinary Level Exam)**	ESOFT 2022-2023	**Diploma of Computing**

WORK EXPERIENCE

Ceylon Innovation PVT(LTD) 2025 - Current

Full Stack and Mobile App Developer
- Developed and deployed custom web solutions such as a legal website for a law firm, focusing on user experience, responsiveness, and SEO.
- Built and maintained desktop software including a billing and inventory management system using .NET and C# for local businesses.
- Collaborated directly with clients to gather requirements, provide technical guidance, and deliver complete Point-of-Sale (POS) systems and mobile app solutions.
- Designed and developed the official website for Nuwan Fernando Pvt Ltd, ensuring professional branding, mobile responsiveness, and optimized content structure.
- Created and deployed the Sri Lanka SEDEC Caritas National Centre website, including event updates, community programs, and donation support functionality.
- Built a responsive desktop website for St. Francis De Sales Church, Kattuwa, used to publish mass schedules, announcements, and online donation features.
- Used tools such as Figma, Postman, GitHub, and Firebase for prototyping, API testing, version control, and backend services.
